

Friendship Client Education Series

“Allergic Pets—What to feed them and why” Saturday, April 14th, 1:00 to 2:00pm

Join board-certified veterinary dermatologist Dr. Darcie Kunder to discuss dermatologic problems (and solutions!) caused by what you're feeding your pets. Bring your dog or cat and stick around to taste test recommended diets and treats!

Refreshments available beginning at 12:30pm in the reception area of the second floor.

Space limited; Kindly RSVP for this free event to:
rsvp@friendshiphospital.com

FRIENDSHIP
DERMATOLOGY SPECIALISTS

Is your pet at risk for allergies? Although any pet can be allergic, some dog breeds—such as golden retrievers, Boxers, bulldogs, and terriers are more likely to develop environmental allergies.

Now through April 15th, schedule a complimentary allergy consult with Friendship Dermatology Specialists. No referral needed!
